

Public Service Announcement from Jim Wells County Elections

With the upcoming November 5th General election on the horizon, it has come to my attention the amount of mis-information being circulated on social media regarding the election process. There are quite a few “reliable sources”, none of which are named, of course. Please be diligent and before sharing information, no matter how trusted the source may be, please verify that the information you are sharing is correct. You can do this by 1) contacting your local Elections office at 361-668-5711, or 2) contacting the Secretary of State at 800-252-8683. Both sources are familiar with the Election laws in Texas and can verify if the information being shared is correct.

Thank You,

Richard Guerra

Jim Wells County Elections Administrator
